index

Volume 27: 1979

Issue No. 1	January-February
Issue No. 2	March-April
Issue No. 3	May-June
Issue No. 4	July-August
Issue No. 5	September-October
Issue No. 6	November-December

Publication member of the American Association of Dental Editors

GENERAL DENTISTRY (USPS 403-330) is published six times a year by the Academy of General Dentistry (AGD), Suite 1244, 211 E. Chicago Ave., Chicago, IL 60611. Controlled circulation postage paid, bi-monthly, at Pontiac, IL. Postmaster: Send form 3579 to Chicago, IL 60611. Subscription rates are $10.00 annually (domestic) and $12.00 (foreign, including Canada). Single copies may be purchased from AGD at the rate $2.00 per copy, prepaid.

Author Index

Note: The numerals in parentheses refer to the issue number; the numerals following the colon refer to the pages within the issue.

Abrams H, Barkmeier WW, Cooley RL: Temperature changes in the pulp chamber produced by ultrasonic instrumentation. (5):62-64
Albers DD see **Sconyers JR**
Baker WM see **Woehrlen AE Jr**
Barkmeier WW see **Abrams H**
Barkmeier WW see **Cooley RL**
Bauer JC: The market for continuing dental education: competition, coordination, and objectives. (4):56-61
Bauer JC see **Brown WT**
Bauman R: An esthetic anterior clasp design. (5):22-24
Beresin VR: The neutral zone in complete and partial dentures. (Book review). (2):74
Berman MH: Problems and aids in the final insertion of complete coverage restorations. (2):30-40
Binns WH Jr see **Carrel R**
Boyd JS: Overdenture for a patient with osteogenesis imperfecta. (1):38-44
Brown WT, Bauer JC: Today's approach to tomorrow's dentistry: comprehensive oral health care. (3):54-59
Brundo GC, Lebherz TB: The use of dental impression materials in the treatment of vaginal atresia. (5):25-26
Buck WH Jr see **Eames WB**
Buonomano L, Buonomano VD: Biofeedback: the emergence of a new dental and medical perspective. (2):65-69
Buonomano VD see **Buonomano L**
Carrel R, Binns WH Jr: Nitrous oxide — does it need a disposal system? (2):70-72
Cooley RL, Barkmeier, WW: Diagnosis of the incomplete tooth fracture. (2):58-60
Cooley RL, Barkmeier WW: Reducing recurrent caries with topical stannous fluoride treatment of cavity preparations. (1):30-33
Cooley RL, Cottingham AJ Jr: Ocular complications from local anesthetic injections. (4):40-43
Cooley RL see **Abrams H**
Cottingham AJ see **Cooley RL**
Craig RG, O'Brien WJ, Powers JM: Dental materials: properties and manipulation. (Book review). (6):49
Cusano JM: Nutrition in the dental office. (6):28-31
Dummett CO, Dummett LD: Afro-Americans in dentistry. (Book review). (1):54,56
Dummett LD see **Dummett CO**
Eames WB, Buck WH Jr: Five amalgam carriers: a comparison of wear. (6):20-22
Ellison RL: Pharmocologic control of anxiety, apprehension, and tension in dental practice. (6):23-27
Ernest EA, III: The orthopedic influence of the TMJ in whiplash: report of a case. (2):62-64
Feinstone MW see **Tucker JT**
Friedman IR: Let Uncle Sam help you to retire. (1):34-36
Friedman MM: The qualitative and quantitative bacterial content of stained dentin: an experimental study. (6):38-44
Hagarty TJ, Shannon IL: Enamel solubility reduction by commercial mouthrinses containing 0.05% NaF. (3):46-49
Hall DL see **Sheridan RL**
Hays GL see **Rouse LE**
Howard WW: Editorials: (1):6, (2):8, (3):8, (4):9, (5):6-7, (6):6
Johnsen D: Structured case presentations: cornerstone to informed patients. (3):62-63
Katz RA: The importance of adequate diagnosis of pain. (4):44-47
Kelly R see **Sconyers JR**
Kilkuskie AM see **Millenson LJ**
Korbich M, Ruskin PF: Occlusal rests and stress equalizers incorporated into Swing-Lock partial denture design. (1):24-28
Krell KV see **Sheridan RI**
Krier PW: The epiglottis: a structure not normally seen during routine oral examination. (4):26-27
Kruger GO: Textbook of oral and maxillofacial surgery. (Book review). (4):48
Laracuente JM see **Ma H-C**
LaVelle WE see **Zach GA**
Lebherz TB see **Brundo GC**
Ma H-C, Laracuente JM: The influence of playing musical wind instruments on oral tissues. (1):46-51
Manson-Hing LR: Fundamentals of dental radiography. (Book review). (6):48
Milgrom P: Regulation and the quality of dental care. (Book review). (4):48
Millenson LJ, Kilkuskie AM, Swartz KA: Learn and play in Dixieland. (5):33-47
Newbrun E: Cariology. (Book review). (1):54
Nunez LJ: Life-style and the ecosystem. (4):32-36
O'Brien WJ see **Craig RG**

Zach GA, LaVelle WE: A mucostatic impression technique. (6):45-47

Subject Index

Note: The numerals in parentheses refer to the issue number; the numerals following the colon refer to the pages within the issue.

Academy of General Dentistry, journal policy
People lib (Editorial). Howard WW. (6):6
Academy of General Dentistry, meeting
Mission for the '80's. (5):48
Learn and play in Dixieland. Millenson, LJ et al. (5):33-47
Learn and play in Dixieland — not for delegates only. (Editorial). (2):8
Program. (2):41-54
Accidents, traffic
The orthopedic influence of the TMJ apparatus in whiplash: report of a case. Ernest EA, III. (2):62-64
Acrylic resins
Stabilizing the individualized acrylic tray for partial denture impressions. Zach GA. (4):28-30
Alginates
The use of dental impression materials in the treatment of vaginal atresia. Brundo GC et al. (5):25-26
Anemia, sickle cell
Dental considerations in sickle cell anemia. Rouse LE et al. (6):18-19
Anesthesia, conduction
Clinical evaluation of mandibular conduction anesthesia. Robertson WD. (5):49-51
Anesthesia, dental, methods
Clinical evaluation of mandibular conduction anesthesia. Robertson WD. (5):49-51
Anesthesia, inhalation, adverse effects
Nitrous oxide — does it need a disposal system? Carrel R et al. (2):70-72
Anesthesia, intravenous
Fear-anxiety: Rx intravenous diazepam sedation. Weiner AA. (5):27-31
Intravenous conscious sedation: an alternative modality in the management of the cerebral palsy patient. Schweyer KL. (3):33-36
Anesthetics
Intravenous conscious sedation: an alternative modality in the management of the cerebral palsy patient. Schweyer KL. (3):33-36
Anesthetics, local, adverse effects
Ocular complications from local anesthetic solution. Cooley RL et al. (4):40-43
Anxiety, control
Biofeedback: the emergence of a new dental and medical perspective. Buonomano L. (2):65-69
Fear-anxiety: Rx intravenous diazepam sedation. Weiner AA. (5):27-31
Management of dental phobias. Rodriguez-Rams O. (5):52-53
Pharmacologic control of anxiety, apprehension, and tension in dental practice. Ellison LR (6):23-27
Barbiturates
Pharmacological control of anxiety, apprehension, and tension in dental practice. Ellison RL. (6):23-27
Behavior modification
Use of feedback as a communication aid in the dental practice. Sheridan RL et al. (6):34-36
Biofeedback
Biofeedback: the emergence of a new dental and medical perspective. Buonomano L et al. (2):65-69
Cardiovascular disease, pathophysiology
The importance of adequate diagnosis of pain. Katz RA. (4):4-47
Cementation
Problems and aids in the final insertion of complete coverage restorations. Berman MH. (2):30-40
Child psychology
Management of dental phobias. Rodriguez-Rams O. (5):52-53
Communication
People lib. (Editorial). Howard WW. (6):6
Use of feedback as a communication aid in the dental practice. Sheridan RL et al. (6):34-36

Comprehensive dental care
Structural case presentations: cornerstone to informed patients. Johnsen D. (3):62-63
Today's approach to tomorrow's dentistry: comprehensive oral health care. Brown WT et al. (3):54-59
Dental amalgam
Five amalgam carriers: a comparison of wear. Eames WB et al. (6):20-22
Dental care, methods
Dental considerations in sickle cell anemia. Rouse LE. (6):18-19
Intravenous conscious sedation: an alternative modality in the treatment of the cerebral palsy patient. Schweyer KL. (3):33-36
Structured case presentation: cornerstone to informed patients. Johnsen D. (3):62-63
Successful alteration of dental therapy compatible with a patient's changing medical condition. Tewes WD. (5):18-20
Today's approach to tomorrow's dentistry: comprehensive oral health care. Brown WT et al. (3):54-59
Dental caries, control
Reducing recurrent caries with topical stannous fluoride treatment of cavity preparations. Cooley RL et al. (1):30-33
Dental caries, microbiology
The qualitative and quantitative bacterial content of stained dentin: an experimental study. Friedman MM. (6):38-44
Dental cavity preparation, methods
Reducing recurrent caries with topical stannous fluoride treatment of cavity preparations. Cooley RL et al. (1):30-33
Dental cements
Problems and aids in the final insertion of complete coverage restorations. Berman MH. (2):30-40
Dental education, continuing
The market for continuing dental education: competition, coordination, and objectives. Bauer JC. (4):56-61
Dental enamel, pathology
Developmental abnormalities in the etiology and treatment of periodontal disease. Vincent JW. (2):24-29
Dental enamel solubility
Enamel solubility reduction by commercial mouthrinses containing 0.05% NaF. Hagarty TJ et al. (3):46-49
Dental impression technique
A mucostatic impression technique. Zach GA et al. (6):45-47
Stabilizing the individualized acrylic tray for partial denture impression. Zach GA. (4):28-30
Dental instruments
Five amalgam carriers: a comparison of wear. Eames WB et al. (6):20-22
Temperature changes in the pulp chamber produced by ultrasonic instrumentation. Abrams H et al. (5):62-64
Dental materials
The use of dental impression materials in the treatment of vaginal atresia. Brundo GC et al. (5):25-26
Dental offices
Life-style and the ecosystem. Nunez LJ. (4):32-36
Dental plaque
Relationship of bacteremia to toothbrushing in clinically healthy patients. Sconyers JR et al. (3):51-52
Dental plaque, prevention and control
Plaque control program: can it be effective? Roller NW. (5):58-61
Dental prophylaxis, scaling
Temperature changes in the pulp chamber produced by ultrasonic instrumentation. Abrams H et al. (5):62-64
Dental prosthesis design
An esthetic anterior clasp design. Bauman R. (5):18-20
Dental pulp cavity
Temperature changes in the pulp chamber produced by ultrasonic instrumentation. Abrams H et al. (5):62-64
Dental restoration, methods
Full coverage restorations: panacea or epidemic? (Editorial). Howard WW. (5):6-7
Dentin, microbiology
The qualitative and quantitative bacterial content of stained dentin: an experimental study. Friedman MM. (6):38-44
Dentist-patient relations
Structured case presentations: cornerstone to informed patients. Johnsen D. (3):62-63
Dentistry
A not so gloomy forecast. (Editorial). Howard WW. (3):8
Denture, complete, lower
A mucostatic impression technique. Zach GA et al. (6):45-47
Denture, partial, design
Occlusal rests and stress equalizers incorporated into Swing-Lock partial denture design. Korbich M et al. (1):24-28
Denture, partial, fixed
Problems and aids in the final insertion of complete coverage restorations. Berman MH. (2):30-40
Denture, partial, removable
An esthetic anterior clasp design. Bauman R. (5):18-20
Occlusal rests and stress equalizers incorporated into Swing-Lock partial denture design. Korbich M et al. (1):24-28
Denture, precision attachment
Successful alteration of dental therapy compatible with a patient's changing medical condition. Tewes WD. (5):18-20
Denture retention
An esthetic anterior clasp design. Bauman R. (5):18-20
Denture stability
Occlusal rests and stress equalizers incorporated into Swing-Lock partial denture design. Korbich M et al. (1):24-28
Dentures, overlay
Overdentures for a patient with osteogenesis imperfecta. Boyd JS. (1):38-44
Denturism
Denturism dilemma. (Editorial). Howard WW. (4):9
Denturism: what is our responsibility now? (Editorial). Howard WW. (1):6

Diagnosis, oral
The epiglottis: a structure not normally seen during routine oral examination. Krier PW. (4):26-27
Today's approach to tomorrow's dentistry: comprehensive oral health care. Brown WT et al. (3):54-59
Diazepam
Fear-anxiety: Rx intravenous diazepam sedation. Weiner AA. (5):27-31
Pharmacologic control of anxiety, apprehension, and tension in dental practice. Ellison RL. (6):23-27
Diet
Nutrition in the dental office. Cusano JM. (6):28-31
Diplopia
Ocular complications from local anesthetic injection. Cooley RL et al. (4):40-43
Electromyography
Biofeedback: the emergence of a new dental and medical perspective. Buonomano L et al. (2):65-69
Environment
Life-style and the ecosystem. Nunez LJ. (4):32-36
Environmental pollution
Nitrous oxide — does it need a disposal system? Carrel R et al. (2):70-72
Epiglottis
The epiglottis: a structure not normally seen during routine oral examination. Krier PW. (4):26-27
Esthetics, dental
An esthetic anterior clasp design. Bauman R. (5):18-20
Fear
Fear-anxiety: Rx intravenous diazepam sedation. Weiner AA. (5):27-31
Pharmacologic control of anxiety, apprehension, and tension in dental practice. Ellison RL. (6):23-27
Feedback
Use of feedback as a communication aid in the dental practice. Sheridan RL et al. (6):34-36.
Fluorides, therapeutic use
Enamel solubility reduction by commercial mouthrinses containing 0.05% NaF. Hagarty TJ et al. (3):46-49
Fluorides, topical
Reducing recurrent caries with topical stannous fluoride treatment of cavity preparations. Cooley RL et al. (1):30-33
Food
Life-style and the ecosystem. Nunez LJ. (4):32-36
Handicapped
Intravenous conscious sedation: an alternative modality in the management of the cerebral palsy patient. Schweyer KL. (3):33-36
Health education, dental
Plaque control program: can it be effective? Roller NW. (5):58-61
Infections
The importance of adequate diagnosis of pain. Katz RA. (4):44-47
Insurance, dental
Today's approach to tomorrow's dentistry: comprehensive oral health care. Brown WT et al. (3):54-59
Investments
Let Uncle Sam help you to retire. Friedman IR. (1):34-36
Legislation
Washington outlook. Tucker JT et al. (1):11, (2):15, (3):16, (4):14, (5):14, (6):10
Lidocaine, administration and dosage
Clinical evaluation of mandibular conduction anesthesia. Robertson WD. (5):49-51
Mepivacaine, toxicity
Ocular complications from local anesthetic injections. Cooley RL et al. (4):40-43
Motivation
Plaque control program: can it be effective? Roller NW. (5):58-61
Mouthwashes, therapeutic use
Enamel solubility reduction by commercial mouthrinses containing 0.05% NaF. Hagarty TJ et al. (3):46-49
Music
The influence of playing musical wind instruments on oral tissues. Ma H-C et al. (1):46-51
Myocardial infarct, complications
Successful alteration of dental therapy compatible with a patient's changing medical condition. Tewes WD. (4):18-20
Neoplasms
The importance of adequate diagnosis of pain. Katz RA. (4):44-47
Neoplasms, etiology
Life-style and the ecosystem. Nunez LJ. (4):32-36
Neuralgias
The importance of adequate diagnosis of pain. Katz RA. (4):44-47
Nitrous oxide, poisoning
Nitrous oxide — does it need a disposal system? Carrel R et al. (2):70-72
Nutrition
Nutrition in the dental office. Cusano JM. (6):28-31
Orthodontics, methods
The influence of playing musical wind instruments on oral tissues. Ma H-C et al. (1):46-51
Osteogenesis imperfecta
Overdentures for a patient with osteogenesis imperfecta. Boyd JS. (1):38-44
Pain, diagnosis
The importance of adequate diagnosis of pain. Katz RA. (4):44-47
Patient care planning
The consultation: a means of communication between dentists and physicians. Redding SW et al. (5):54-57
Periodontal disease
Periodontosis: semantics or syndrome? An analysis and new model system. Woehrlen AE Jr et al. (3):40-44

Periodontal disease, etiology
Developmental anomalies in the etiology and treatment of periodontal disease. Vincent JW. (2):24-29
The influence of playing musical wind instruments on oral tissues. Ma H-C et al. (1):46-51
Periodontal disease, treatment
Developmental anomalies in the etiology and treatment of periodontal disease. Vincent JW. (2):24-29
Periodontosis see **Periodontal diseases**
Pesticides
Life-style and the ecosystem. Nunez LJ. (4):32-36
Phobias
Management of dental phobias. Rodriguez-Rams O. (5):52-53
Pollution
Nitrous oxide — does it need a disposal system? Carrel R et al. (2):70-72
Practice management, dental
Nitrous oxide — does it need a disposal system? Carrel R et al. (2):70-72
Use of feedback as a communication aid in the dental practice. Sheridan RL et al. (6):34-36
Preventive dentistry
Plaque control program: can it be effective? Roller NW. (5):58-61
Product information
